

BENEVIA

With you every step of the way

*Simplifying Life Transitions
for Older adults and their families*

What Is Benevia?

Benevia (meaning “good path”) is a phone-based concierge service, coordinating the complex life transitions faced by older adults and their families. We ease the emotionally taxing and overwhelming nature of such transitions by creating a master transition plan, coordinating highly qualified service providers and staying involved to ensure successful outcomes. We charge a flat fee of \$24.95 per year for coordinating any services you need during that period, regardless of the coordination time required.

What is a Transition?

We define a transition as any change in your lifestyle or living environment. Transitions may involve moving to a retirement community, downsizing belongings, making home modifications or repairs, selling a home, or simply organizing your living environment.

What is Transition Coordination?

This personalized service can help you and your family by:

1. Identifying your transition related needs
2. Providing professional advice
3. Creating a master transition plan
4. Introducing and coordinating screened service providers
5. Ensuring successful outcomes

What Are The Benefits?

- ✓ Save time finding and coordinating quality service providers
- ✓ Save money through discounted service rates
- ✓ Professional support from a dedicated Transition Coordinator

Our Service:

With a simple call to Benevia, a professional Transition Coordinator can help identify your needs, provide advice, and introduce and coordinate screened service providers.

We go far beyond simply referring a phone number. We schedule your meetings with providers, make confirmation calls, and follow up to make sure that the services delivered met your needs.

How it Works:

Benevia provides professional, one-stop coordination of services for older adults and their families.
