Salmon Bake 2010

The Shorewood Salmon Bake 2010 was a great event attended by over 150 community members. Participants enjoyed 120 pounds of Salmon. This year we were able to enjoy Wild Caught Red King Salmon and White King Salmon. The White King Salmon was caught in the Straits of San Juan, and the Red King Salmon was caught in the pristine waters of Alaska. The salmon was prepared in two different and scrumptious styles. There was the traditional bar-b-qued salmon with the Soy Sauce with Olive Oil marinade. Rosemary branches were added to the coals for scent. The second style was the Johnny's Seasoning Salt rub on a hot griddle for a blackened crisp covering. It was definitely noticed that a number of Salmon Bakers tried all four styles of fish.

In addition to the Salmon, also offered were potato salad, baked beans, three bean salad, cold slaw, veggies, fruit, watermelon, cornbread muffins, ice cream, cookies, and water.

Big thanks to the community members who helped stage this special event. The food procurement was exceptional and headed by Patricia Haugen, and Patty Knudsen. The food was very tasty and there was definitely enough for everyone.

A special thank you goes to The Yim Family (Andy, Angel, Anessa, Bella, Preston, and Elijah) for procuring and donating the salmon which was enjoyed by so many of their neighbors. I think a special request was given for "Wild Caught Salmon" by Drew so that the club members could get the most flavorful and nutritious fish available.

It should be noted that local establishments also provided food for the club. The club only ordered what was needed for our event. The other menu items are outstanding, especially when you are in a hurry. However, both businesses have a catering option which will accommodate your personal event. We highly recommend both businesses. Berry's Bar-B-Que on 116th and S.W. Ambaum provided the beans, cole slaw, and cornbread muffins. Bernie and the Boys on 110th and S.W. 1st provided the potato salad. Both businesses give a lot to our community and community groups so let's support them.

A big thank you to the many volunteers who helped carry, set up, cook, serve, transport, entertain, and clean-up! This list includes many of your neighbors: Jeff Anderson, Mike Bang, Nancy Breslich, Alex Cail, Joe Cail, Kevin DeLashmutt, Frank Demarinis, Tony Demarinis, Candace Graham, Gary Harris, Pat Haugen, Patricia Haugen, Ray Hetrick, Pastor Dan Johnson, Patty Knudsen, Barrett Knudsen, Jason Knudsen, Rachel LaFond, Jon Newton, Dr. Tim Reily, Dr. Bob Edgar, Tim Wilhelmi, and Drew Yim.

It is appreciated and noted that there are those bodies who actually stay until the end so that they can get a little cardio workout schlepping items to the top of the trail. Whew!

"Communities happen because you care"

Shorewood on the Sound Dog-Sitting Exchange

Interested in setting up a group of dog owners who would like to exchange dog-sitting services for the day or longer. Please contact Nancy Wood, tel. 243-2053 or holleywoodok@comcast.net

SummerFest

Over 100 people attended, because that is approximately how many hot dogs and hamburgers got eaten. A good time was had by all.

Thanks to the committee who organized this event, and especially Barrett & Patty Knudson who co-chaired.

Forest Stewardship

**Please be a good neighbor to
your neighborhood forest...**

Are you a neighbor of Salmon Creek Ravine, Seahurst Park or Shorewood Park? These park lands are Burien's natural treasures and home to many native species of plants, birds and animals.

Lawn clippings and yard waste may seem harmless, but piles of this kind of waste can kill everything they cover, including tree roots. They may also present a fire hazard, attract rodents, or contribute to the instability of slopes. Heaps of yard waste provide habitat for invasive plants such as Scot's Broom, Himalayan Blackberry and Eurasian Knotweed. Yard waste can be composted, used as mulch for your landscape, or disposed of through the "clean green" yard waste service.

Cutting, pruning or trimming of trees or plants on park property is not allowed EXCEPT by permit. Trees are an invaluable asset to the beauty and health of our park system. Untrained "topping" or "chopping" to improve a view, or for any other reason, can permanently damage or kill a tree. If you have questions, please contact me at 206-200-7524.

Jean Spohn, Volunteer Forest Steward

President's Message August 29, 2010

SOTS President: Michael Armstrong

Wow. The summer's almost over and it is back to school time.

We had two successful community events – the Summerfest in

July and the always popular Salmon Bake late in August. Both

were well attended and very well received. Thanks to all who

coordinated and assisted in their success.

I would like to welcome Chestine Edgar as the new newsletter editor. I know she will welcome any submissions or contributions.

At one of our last executive meetings we discussed the matter of surveillance cameras as a crime prevention measure. We asked for input from our membership but did not get too much of a response. We will be discussing this at the next executive meeting so if you have some thoughts or ideas please send them in soon.

The back to school season reminds us of the importance of safe driving. This topic keeps coming up and it looks like it will not go away. So I ask again. Please keep your speeds down in our neighborhood. We all recognize someone driving too fast in front of our houses, so let's have the same consideration when we drive our cars by the houses of other members of our community. The 25 mph limit seems slow in the car but it is quite fast to anyone walking on the side of the road.

This community belongs to all of us. If you would like to see how we do what we do, give me a call and drop in on one of our meetings. Our Annual General Meeting is in November where we will elect new officers.
